

PROJECT QUOTATION

MicroFinance Management System (MFMS)

Client: Samith Mahila urban Credit Co-Operative Society Ltd.
Nagpur Dst

Company: AS Enterprises
Ref No: QTN-2026-MFMS-001

Date: July 18, 2026
Validity: 30 Days (Until Aug 17, 2026)

1. EXECUTIVE SUMMARY

The proposed **MicroFinance Management System (MFMS)** is an all-in-one, secure, enterprise-grade banking and credit operations application. Designed specifically for co-operative societies, microfinance institutions (MFIs), and local credit unions, this system automates end-to-end customer onboarding, savings accounts, credit distribution (including Joint Liability Groups and Gold Loans), shareholdings, and commission settlements for agents.

2. KEY MODULES & SCOPE

- **Customer Onboarding & KYC Management:** Secure customer registration panel, Nominee mapping, smart document uploads (Aadhar, PAN, Voter ID, driving license) and dynamic multiple image uploads.
- **Savings & Current Accounts:** Deposit, withdrawal ledger operations, transactional logs, SMS alert toggles, and account status controls.
- **Customer Shareholding Panel:** Share capital allocation database, digital certificates log, and share transfer registry.
- **Loan Management Engine (LMS):** Dynamic interest rate and payment schemes setup, Loan applications, Gold collateral evaluations (Secured Gold Loan module), and JLG group lending schemes.
- **Financial Consultants & Agents:** Agent profiles onboarding, level designations, and automated commission calculations based on collection metrics.
- **System Configurations & Reports:** Multi-branch configurations, bank details, company branding configurations, and real-time dashboard ledger reporting.

3. TECHNOLOGY STACK

Backend Framework: Java 17, Spring Boot, Spring Data JPA, Hibernate ORM.

Frontend: HTML5, CSS3, Bootstrap 5, Javascript, jQuery, AJAX.

Database & Server: MySQL 8+ Database, Tomcat 9 Web Server wrapper.

4. COMMERCIAL ESTIMATE

Phase Description	Estimated Duration	Cost (INR)
Phase 1: Core System & DB Setup (Branch configs, database)	2 Weeks	₹ 6,000
Phase 2: Customer Registry & KYC (Dynamic Document & multiple image uploads)	3 Weeks	₹ 8,000
Phase 3: Shareholding & Accounts (Savings ledger, certificate issuance)	2 Weeks	₹ 7,000
Phase 4: Loan Engine (Gold Collaterals & Joint Liability Group loans)	4 Weeks	₹ 12,000
Phase 5: Agent Networks & Auditing (Commission calculators, statements)	2 Weeks	₹ 5,000
Phase 6: UAT & Production Launch (Handover, deployment, training)	1 Week	₹ 2,000
Total Cost Estimate	14 Weeks	₹ 40,000

5. PAYMENT TERMS & MILESTONES

- **First Installment (Commencement Advance):** 40% (₹ 16,000) on project signing.
- **Second Installment:** 30% (₹ 12,000) on completion of Phase 2 (Customer & KYC).
- **Third Installment (Final Delivery):** 30% (₹ 12,000) on successful UAT and deployment.

6. SUPPORT & MAINTENANCE

The package includes **3 months of free post-launch support** for bug fixing. Post-warranty, the annual maintenance contract (AMC) is estimated at 15% of the initial development cost.
